Doug – Hannon has mentioned meeting about other sites before. The sent us a map identifying 23 sites in the area a while back.

Thanks for the update. Good to hear they are meeting next Wednesday.

to: I hope to get some parting advice from him before his last day in the office is over (tomorrow); his retirement party is tonight.

I just got a note from Carol Stein that Ed Hannon spoke with Rob Alvey about trying to meet with EPA periodically (couple of times a year) to discuss the sites in the area. Rob said he would pass the request along. Maybe you can let me know if he brings that up when he speaks with you tomorrow. I have not yet met Ed, but with George going I should probably reach out to him at some point...let me know if you have any thoughts on this.

Hi Jim

I believe that you indicated that Rosalie was going to reach out to Grumman at the end of last week to try to schedule a meeting with them in early February. Have you heard back yet as to whether they accepted a meeting date or anything about their internal meeting?

Have you sent a response out to the Navy? If not, could you share the draft before it goes out?

Thanks Jim

Doug

Hi Bob

I spoke with Jim Harrington on Wednesday regarding the status of your negotiations with Northrop

Understanding that NG or NG outside counsel has indicated it cannot meet with DEC until their meeting next Wednesday, waiting until after next Wednesday to establish a meeting date could result in further delays. We encourage DEC counsel to reach out to NG to compare calendars and set a date for a meeting/conference call with NG for later next week or early February, so that we can better assess whether NG is likely to enter into a consent agreement with DEC and can finalize that agreement soon.

Thanks

Doug
